

BloodLink | Official Terms of Use

Effective Date: January 1, 2026

Document ID: BL-LEGAL-2026-V1.0

ARTICLE 1: THE NATURE OF SERVICE

1.1 Platform Role: BloodLink (the "Platform") is a digital communication infrastructure designed to facilitate contact between voluntary blood donors and those in urgent need.

1.2 Limitation of Scope: You acknowledge that BloodLink is **not** a medical organization, blood bank, or clinic. We do not store, test, or transport blood. Our service is limited to data matching and notification routing.

ARTICLE 2: USER ELIGIBILITY & REGISTRATION

2.1 Legal Age: Users must be 18 years of age or older. By registering, you warrant that you meet this requirement.

2.2 Truthfulness: You agree to provide accurate, current, and complete information during the registration process. Providing false data regarding your blood type or health status is grounds for permanent account termination.

2.3 Account Security: You are responsible for maintaining the confidentiality of your credentials. BloodLink is not liable for unauthorized access to your account.

ARTICLE 3: MEDICAL DISCLAIMER & SAFETY

3.1 No Screening: BloodLink **does not** verify the health status of any donor. It is the absolute responsibility of the recipient and the attending medical facility to perform all necessary blood screening (HIV, Hepatitis, Malaria, etc.) and cross-matching before any transfusion.

3.2 Assumption of Risk: Users interact at their own risk. BloodLink shall not be held liable for any medical complications, infections, or injuries resulting from a donation arranged via the Platform.

ARTICLE 4: STRICT PROHIBITIONS (ZERO TOLERANCE)

4.1 Commercialization: The sale or purchase of blood is strictly illegal in most jurisdictions. Any user found requesting or offering money in exchange for blood will be reported to the appropriate law enforcement authorities.

4.2 Harassment: Contact information provided on the platform must be used **only** for blood donation coordination. Using this data for marketing, harassment, or non-emergency communication is strictly forbidden.

ARTICLE 5: INTELLECTUAL PROPERTY

5.1 Ownership: All content, logos, "LifeStream" technology, and software code are the exclusive property of BloodLink. You may not copy, reverse-engineer, or redistribute any part of the platform without written consent.

ARTICLE 6: DATA PRIVACY & GEOLOCATION

6.1 Consent: By using BloodLink, you consent to the collection of your real-time location data to facilitate the "Speed Protocol" matching system.

6.2 Encryption: While we use high-level encryption, no digital platform is 100% secure. You share your medical data with this understanding.

ARTICLE 7: LIMITATION OF LIABILITY

7.1 General Release: To the maximum extent permitted by law, BloodLink, its developers (Rahidul), and partners shall not be liable for any indirect, incidental, special, or consequential damages resulting from the use of our services.

ARTICLE 8: MODIFICATIONS & TERMINATION

8.1 Changes: We reserve the right to update these terms at any time. Continued use of the platform after changes constitutes acceptance.

8.2 Termination: We reserve the right to ban any user for any reason, particularly for behavior that threatens the safety or integrity of the BloodLink community.
